Mapping

- + communication systems
- + weichselgartner, erich

SPARQL Query

```
graph TD; A[Weichselgartner, Erich] -- has author --> X1[x1]; X1 -- has subject --> B[Kommunikationssystem]; X1 -- is type of --> C[Chapter];
```

The graph shows a central variable **x1** (orange box) connected to three entities: **Weichselgartner, Erich** (blue box) via the property **has author**, **Kommunikationssystem** (blue box) via the property **has subject**, and **Chapter** (blue box) via the property **is type of**. The entities are represented by blue boxes with a magnifying glass icon, while the properties are in white boxes with a magnifying glass icon.
